Explanation of responses:

- (1) These derivative securities (stock options) vest ratably on each of the first, second and third anniversaries of the date of grant.
- (2) These restricted units vest ratably on each of the first, second and third anniversaries of the date of grant. Restricted Units are settled in shares of the Company's common stock upon vesting.
- (3) On the third anniversary of the date of grant, these restricted units vest conditionally based on the average of the closing price of the company's common stock on the last 40 trading days of 2009 ("Stock Price") as follows: 15,000 restricted units vest if the Stock Price is \$6.75 or less; 30,000 restricted units vest if the Stock Price is \$8.50; and 45,000 restricted units if the Stock Price is \$10.25 or greater. Straight-line interpolation will be used to determine the number of restricted units vesting for Stock Prices between the threshold prices stated. Restricted units are settled in shares of the Company's common stock upon vesting.
