

A Community Partner

We are committed to providing quality care to our communities. As part of an investor-owned hospital system, we pay more than \$2.9 million in local taxes that go toward the improvement of local infrastructure and community programs.

We take the complex issues facing the uninsured very seriously. As such, Fountain Valley Regional Hospital has adopted Tenet's Compact With Uninsured Patients policy. The program offers discount rates to all uninsured patients who receive treatment at our hospital, regardless of their income level.

Fountain Valley Regional Hospital

Fountain Valley Regional Hospital and Medical Center is one of the most comprehensive medical facilities in Orange County.

The hospital's core services include the Orange County Institutes for Heart & Vascular Care, Spine, Orthopedics, Neurosurgery, Pediatrics (with advanced neonatal and pediatric intensive care), and Baby Blvd for routine and high-risk labor and delivery.

Our continuum of care also includes the Orange County Regional Diabetes Center, recognized by the ADA for Quality Self-Management Education, 24-hour emergency care including the first accredited Chest Pain Center in Orange County, surgical weight loss services, inpatient and outpatient surgery.

Fountain Valley Regional Hospital is fully accredited by The Joint Commission, the nation's oldest and largest hospital accreditation agency.
