

## A Community Partner

We are committed to providing quality care to our communities. As part of an investor-owned hospital system, we pay more than \$7.1 million in local taxes that go toward the improvement of local infrastructure and community programs.

We take the complex issues facing the uninsured very seriously. As such, Hahnemann University Hospital has adopted Tenet's Compact With Uninsured Patients policy. The program offers discount rates to all uninsured patients who receive treatment at our hospital, regardless of their income level.

## Our Local Charities

- American Heart Association

- Breast & Prostate Health (Prostate Run)
- Cardiovascular Institute
- National Kidney Foundation
- Philadelphia Chinatown Development Corporation
- Second Chance Transplant Group
- Susan G. Komen Philadelphia Race for Cure
- Transplant Foundation (Gift of Life – Dash for Donor)

## Hahnemann University Hospital

Hahnemann University Hospital is a 496-bed academic medical center at Broad and Vine Streets in Philadelphia, Pa. The hospital is a tertiary care institution that specializes in cardiac services, heart failure and transplantation, OB/GYN, orthopedics, medical, surgical and radiation oncology, bone marrow transplantation, renal dialysis and kidney/pancreas/liver transplantation.

In 2009, Hahnemann earned Magnet® designation by the American Nurses Credentialing Center Magnet Recognition Program®. Hahnemann is recognized by the American Heart Association as a leader in coronary artery disease and heart failure treatments and was named a 2010 Best Hospital for Heart and Heart Surgery by *U.S. News and World Report*. Hahnemann is fully accredited by the Joint Commission, the nation's oldest and largest hospital accreditation agency. The hospital performed one of the city's first kidney transplants in 1963 and one of the first bone marrow transplants in 1976. Hahnemann became Philadelphia's first Level I Regional Resource Trauma Center for adults in 1986, and since then has been served by MidAtlantic MedEvac, an aeromedical transport program for critically ill patients. Hahnemann is proud to be the first hospital in Philadelphia to join with The Wellness Community of Philadelphia to offer onsite support and education to cancer patients and their families. Hahnemann University Hospital is affiliated with St. Christopher's Hospital for Children in Philadelphia and is an academic affiliate of Drexel University College of Medicine.
