

## A Community Partner

We are committed to providing quality care to our communities. As part of an investor-owned hospital system, we pay more than \$6.4 million in local taxes that go toward the improvement of local infrastructure and community programs.

We take the complex issues facing the uninsured very seriously. As such, Saint Francis Hospital - Memphis has adopted Tenet's Compact With Uninsured Patients policy. The program offers discount rates to all uninsured patients who receive treatment at our hospital, regardless of their income level.
