

A Community Partner

We are committed to providing quality care to our communities. As part of an investor-owned hospital system, we pay more than \$1.7 million in local taxes that go toward the improvement of local infrastructure and community programs.

We take the complex issues facing the uninsured very seriously. As such, South Fulton Medical Center has adopted Tenet's Compact With Uninsured Patients policy. The program offers discount rates to all uninsured patients who receive treatment at our hospital, regardless of their income level.

Our Local Charities

- Georgia Soccer Development Foundation
- Hapeville Exchange Club Child Abuse Prevention Program
- L.E.A.D. (Launch, Expose, Advise, Direct) - Student Athlete Scholarship Fund
- Morehouse School of Medicine
- South Fulton Senior Services, Inc.

For a physician or service referral, please call (404) 466-WELL or visit www.southfultonmedicalcenter.com.

South Fulton Medical Center

Over the years, South Fulton Medical Center has made great strides to be the hospital you can trust with your health care and the care of your family. Renovations have been completed throughout the entire hospital to make you more comfortable, whether you are a patient or a visitor. We have invested in some of the latest in advanced diagnostic and treatment technologies, including minimally invasive surgery, and added new services such as Interventional Cardiology and a Level III Neonatal Intensive Care Unit. We continue to receive high quality scores and rankings and are proud that our employees make patient safety a top priority every day. The result is a medical center that provides the services you need in a setting you desire.

For more than 45 years, South Fulton Medical Center has provided comprehensive, quality health care services for the families of South Fulton County and surrounding areas. South Fulton Medical Center was constructed in 1963 as a state-of-the-art facility showcasing the latest in medical innovation to support the rapidly growing Southern Crescent area of metro Atlanta. Since then, South Fulton Medical Center has continued that tradition of excellence with progressive medical technology, expert physicians, nurses and technicians, and an approach to caring that is as comforting as it is exceptional.
