

## A Community Partner

We are committed to providing quality care to our communities. As part of an investor-owned hospital system, we pay more than \$2.5 million in local taxes that go toward the improvement of local infrastructure and community programs.

We take the complex issues facing the uninsured very seriously. As such, St. Christopher's Hospital for Children has adopted Tenet's Compact With Uninsured Patients policy. The program offers discount rates to all uninsured patients who receive treatment at our hospital, regardless of their income level.

## St. Christopher's Hospital for Children

Since 1875, St. Christopher's Hospital for Children has been providing exceptional patient care and advancing new pediatric treatments through research and innovation. Through affiliations with Drexel University College of Medicine and Temple University School of Medicine, St. Christopher's is a teaching hospital helping to train the next generation of professionals in pediatric medicine.

The 189-bed hospital is committed to delivering high quality family- and patient-centered care to children from throughout the Philadelphia area and around the world. Its highly acclaimed programs include its Cystic Fibrosis Center, Level I Pediatric Trauma Center, Level IIIC Neonatal Intensive Care Unit (NICU), as well as its Burn Center, which is the only dedicated pediatric burn center in the area. In 2009 St. Christopher's achieved Magnet status, which is one of the nation's highest forms of recognition for nursing excellence.
