

A Community Partner

We are committed to providing quality care to our communities. As part of an investor-owned hospital system, we pay more than \$6.6 million in local taxes that go toward the improvement of local infrastructure and community programs.

We take the complex issues facing the uninsured very seriously. As such, Hahnemann University Hospital has adopted Tenet's Compact With Uninsured Patients policy. The program offers discount rates to all uninsured patients who receive treatment at our hospital, regardless of their income level.

- Delaware Valley Stroke Association
- National Kidney Foundation

Hahnemann University Hospital

Hahnemann University Hospital is an academic medical center at Broad and Vine Streets in Philadelphia, Pa. The hospital is a tertiary care institution that specializes in cardiac services, heart failure and transplantation, OB/GYN, orthopedics, medical, surgical and radiation oncology, bone marrow transplantation, renal dialysis and kidney/pancreas/liver transplantation.

Hahnemann is recognized by the American Heart Association as a leader in coronary artery disease and heart failure treatments. The hospital performed one of the city's first kidney transplants in 1963 and one of the first bone marrow transplants in 1976. Hahnemann became Philadelphia's first Level I Regional Resource Trauma Center for adults in 1986, and since then has been served by MidAtlantic MedEvac, an aeromedical transport program for critically ill patients.

Hahnemann is fully accredited by the Joint Commission on the Accreditation of Healthcare Organizations, the nation's oldest and largest hospital accreditation agency. An affiliate of Drexel University College of Medicine, Hahnemann University Hospital is part of Tenet Pennsylvania, which also includes St. Christopher's Hospital for Children.
