

A Community Partner

We are committed to providing quality care to our communities. As part of an investor-owned hospital system, we pay more than \$1.4 million in local taxes that go toward the improvement of local infrastructure and community programs.

We take the complex issues facing the uninsured very seriously. As such, Lakewood Regional Medical Center has adopted Tenet's Compact With Uninsured Patients policy. The program offers discount rates to all uninsured patients who receive treatment at our hospital, regardless of their income level.

Lakewood Regional Medical Center

Lakewood Regional Medical Center was founded in 1972 and built to meet the health care needs of a growing community.

The medical center offers a wide range of services and innovative programs, including the Heart Institute, orthopedic services, acute rehabilitation services, transfusion-free medicine and surgery, an outpatient diagnostic center and an outpatient G.I. Lab.

Lakewood Regional Medical Center is fully accredited by The Joint Commission, the nation's oldest and largest hospital accreditation agency.
