

A Community Partner

We are committed to providing quality care to our communities. As part of an investor-owned hospital system, we pay more than \$4.4 million in local taxes that go toward the improvement of local infrastructure and community programs.

We take the complex issues facing the uninsured very seriously. As such, Providence Memorial Hospital and The Children's Hospital at Providence have adopted Tenet's Compact With Uninsured Patients policy. The program offers discount rates to all uninsured patients who receive treatment at our hospital, regardless of their income level.

HEALTH NETWORK**

Providence Memorial Hospital

Providence Memorial Hospital is a part of the four-hospital Sierra Providence Health Network. The hospital also houses The Children's Hospital at Providence.

Providence Memorial Hospital and The Children's Hospital at Providence offer a broad range of medical and surgical services including cardiac care and rehabilitation, cancer care and support services, women's services and emergency care.

The Children's Hospital at Providence offers comprehensive inpatient and outpatient children's services. The hospital is the only children's hospital in the region that serves West Texas and southern New Mexico.

The hospital offers some of the latest pediatric technologies and seeks to maximize opportunities through innovative treatment approaches developed specifically for children.
