

A Community Partner

We are committed to providing quality care to our communities. As part of an investor-owned hospital system, we pay more than \$1 million in local taxes that go toward the improvement of local infrastructure and community programs.

We take the complex issues facing the uninsured very seriously. As such, Sierra Vista Regional Medical Center has adopted Tenet's Compact With Uninsured Patients policy. The program offers discount rates to all uninsured patients who receive treatment at our hospital, regardless of their income level.

Sierra Vista Regional Medical Center

Sierra Vista Regional Medical Center has been serving the Central Coast of California for the past 50 years. The hospital has since grown into a leading provider of high-level medical services in San Luis Obispo County.

Sierra Vista has added many advanced services as the community has grown and today houses the county's only neurosurgery program, high-risk pregnancy program, has the county's only dedicated Pediatric Unit as well as the only Neonatal Intensive Care Unit between Santa Barbara and Salinas.

The Birth Center at Sierra Vista Regional Medical Center provides a comprehensive range of obstetric and infant services. The center includes labor-delivery-recovery (LDR) suites and a community-level newborn nursery. Sierra Vista also offers comprehensive, patient-centered, family-oriented care for patients with cardiac disease, neurological disorders, orthopedic surgeries, spinal cord and brain injuries, stroke and arthritis.
