

## A Community Partner

We are committed to providing quality care to our communities. As part of an investor-owned hospital system, we pay more than \$1.7 million in local taxes that go toward the improvement of local infrastructure and community programs.

We take the complex issues facing the uninsured very seriously. As such, West Boca Medical Center has adopted Tenet's Compact With Uninsured Patients policy. The program offers discount rates to all uninsured patients who receive treatment at our hospital, regardless of their income level.
