

GOOD HEALTH STARTS WITH GOOD NUTRITION!

HEALTHY OVER HUNGRY®
Cereal Drive

America's Hunger Problem

1 in 8 people
in the U.S. struggles
with food insecurity.

THE PERSON IN **BLUE** IS MORE LIKELY TO:

→ Purchase unhealthy — but cheaper — food to feed his or her family

→ Choose food over paying bills or getting needed medical care

→ Eat expired food or water food down to make it last longer

Source: **FEEDING AMERICA**

“At Tenet, our mission is to help people live happier, healthier lives. That’s why we’re proud to spearhead this national initiative to fight hunger in America and promote the importance of eating a healthy breakfast.”

– Sally Hurt-Deitch, Tenet’s Chief Nursing Officer

The Drive’s History

In 2010, the drive was started by a nurse at Tenet’s Children’s Hospital of Michigan.

The Healthy Over Hungry® Cereal Drive now supports more than 100 of Feeding America’s food banks and distribution partners.

A Healthy Breakfast

Whole grain cereal is part of a well-balanced breakfast, but **dairy**, **fruits**, **vegetables** and **protein** complete the picture.
